

Cancer Connections Group

For Post-Cancer & Remission Only

Group Guidelines

The Cancer Connections group is a gentle, community-based initiative designed exclusively for individuals who are post-treatment or in remission or a caregiver. It provides a welcoming, non-clinical space to meet others, share experiences, and enjoy a cuppa in a relaxed and supportive setting.

Please note:

- This group is not open to those currently undergoing active cancer treatment—it is intended specifically for those adjusting to life post-treatment or living in remission.
- Meetings take place once a month, on the 4th Friday, from 1:00 to 2:00 pm.
- As it is held in a public café setting, we kindly ask participants to use discretion when sharing personal details (e.g., medical history, contact information).
- The church and hospital cannot accept liability for the sharing of personal information during gatherings.
- This is a non-clinical space. No medical advice, diagnosis, or treatment will be provided.
- Occasionally, guest speakers or professionals may offer general guidance on topics like recovery, wellbeing, and lifestyle.
- Those seeking spiritual comfort or prayer support may speak to Lee or the volunteers or request a meeting with the church minister. Our Prayer Request board is also available should you want someone to pray for you.
- Should you require time for private contemplation or prayer, you are encouraged to contact a staff member. Prayer services will be facilitated by the duty minister. We welcome individuals of all faiths whilst asking that you respect the ethos of the Methodist Church.

By participating, you confirm that you understand and accept these terms, helping us create a safe and respectful environment for all.
